“THE ILLUSIONISTS”

In a world in which everything is turning grey and smiles are disappearing, the mission of the Great Ilu and his friends, the Zions, is clear. Carrying a special magic and full of fantasy, this group will fill the streets with moments of laughter and fun. Indeed, the parade will amaze children and adults thanks to the colourful show and the streamer rain.

Through instructions and games, the Great Ilu will be responsible for the Zions, equipped with a powerful provider of 1,500-cubic-meter air. It will create an unbelievable rain that will accompany all of us throughout the parade. This colour rain will be enhanced through the air cannon fitted inside the motor car. As well, this effect is visually effective, as confetti is made of silk paper size (2x5 and 7x7) to make it more fun for everyone.

In such a magical atmosphere, there must be musical accompaniment to make the audience immerse themselves in a world of illusions. To obtain this effect, there is a musical car equipped with a powerful sound system which is decorated to entertain all of us.

The Illusionists is, undoubtedly, a very peculiar parade, full of interaction and colour and designed to impress everyone taking part in it.
