## “LAND OF DRAGONS” SHOW

"Land of Dragons" is, without a doubt, one of the greatest creations of Brotóns Cabalgatas y Disfraces, S.L.. **A unique show, designed and created with the aim of achieving a visual and sound impact that leaves no one indifferent.**

The Show is made up of **SIX Dragons** of different types and colours, on which **SIX Riders** characterised as **Warriors**, ride each with a different aesthetic according to the Dragon they are riding.

Each Dragon has an integrated **sound effects system**, which includes a 300 watt sound system, with which they can reproduce the roar of each Dragon as well as snorts or the flapping of wings, bringing each of them to life.

Inside each Dragon is a **Segway X2**, thanks to which it can **move nimbly**, making turns that will surprise the public, gliding **as if it were flying**. The Segway X2 models are prepared for any terrain and are highly manoeuvrable. With the modifications made for the show, they can be driven without the need to use your hands, making the performance even more realistic.

Alongside the Dragons is a cast of extras on foot. **FOUR** extras characterised as **Orcs and Goblins**, with more faces and costumes appropriate to the characters and commanded by **ONE** Orc Warlord with a helmet covering his entire face and armour. Opposing them are **THREE Warriors** and **THREE Warriresses** on foot, characterised by leather armour, metal, boots, helmet and a weapon designed to be able to do battle without causing harm.

The show is completed by a huge Medieval Cage pulled by a gigantic Troll of 4.87 metres high, under which a Kubota tractor is camouflaged. Inside the cage, covered by the props, is a 5,000 watt sound system with a soundtrack that helps to create a hyper-real atmosphere.

"Land of Dragons" is one of our most ambitious projects, combining realism with fantasy and visual impact with continuous interaction. A show that will be unforgettable.
