“OCEANIA”

From the depth of the seas, we are having a colourful representation of the diverse marine fauna: an octopus, a seahorse, a lobster, a turtle and the huge whale. All of them will be accompanied by a group of fantastic creatures including marine elements. There is no doubt that this is a parade that will impress both for its size and for its innovative sound system, equipped with a transmitter and a receiver producing a realistic atmosphere. There will be special music playing along this setting, which will make the audience immerse themselves in a land full of fantasy and excitement.

Our parade will show the greatest interaction due to our sensational "Zero-turn" device. This engine-run element will create thousands of different-sized soap bubbles for the youngest ones' entertainment. It should also be highlighted that all our inflatable creatures can be easily folded, just in case that some areas are narrow and not adequate to their size.
