## “THE FARM”

**This Parade is created and thought for the assisting audience to actively participate. It includes FIVE giant inflatable elements (a nice Pig, the traditional Cow, a colourful Hen, a brave Ram and an amazing Horse) and FIVE atypical Farmers.**

**The Farm offers both a visual and proximate spectacle. One of the remarkable aspects of this new Parade is the never-ending search for interaction with the audience. With that end, we have created TWO man-moved tractors, with two farmers inside, that will collide with the audience when trying to escape from the Fumigator Farmers, who, having in mind the idea of a plague around, spray children and elders with a “special water”, refreshing and entertaining them with their funny pantomimes. The touch of sanity is provided by the Head Farmer, whose task is to feed the Hen and stop the Ram which, being carried on a zero radius turning vehicle of great manoeuvrability, will continuously charge against the assisting audience.**

**There is no doubt that this is a parade that will impress both for its size and for its innovative sound system, equipped with a transmitter and a receiver producing a realistic atmosphere. There will be special music playing along this unbelievable setting, which will make people immerse themselves in an enchanted world.**

**It should also be highlighted that all our inflatable creatures can be easily folded, just in case that some areas are narrow and not adequate to their size.**
